Everyone - Coming to School Daily

- Healthy snack/lunch (no sugar)
- Squirrel proof snack/lunch box with name
- Water bottle with name on it (small so it can fit on desk)
- Closed-toe shoes (sneakers, athletic or tennis shoes) for PE/Sports

Buying new school supplies is an exciting experience for children. **Parents, please purchase ONLY the supplies on the list below.** Teachers will supply the rest of the needed items.

Many of the supplies you provide will go into class community bins, which will then be divided up amongst students. Sometimes students can be competitive or feel attached to a particular pencil set that they feel is special and that in turn could create discord. Having community supplies that are then divided up evenly amongst the class will ensure that all students in the class have what they need. It also sends a message that everyone in the classroom is equal, that access to material is the same for everyone, and that learning will be a joint adventure for the year.

If you have any questions about purchasing supplies please do not hesitate to contact your teacher.

Students must have a Backpack with name on it (for home folder, snack, etc.)

If you have any questions about purchasing supplies please do not hesitate to contact your teacher.
