

The Art of Relationship SCHOLARSHIP

4-Year High School Scholarship

Oak Grove students learn to use their minds, their bodies, and their hearts well because the overarching themes expressed in the Arts of Living and Learning are embedded in the school's culture, curriculum, classroom practice, and expectations of student learning.

The aim of this scholarship is to give back to students with warm and friendly personalities who tend to put others before themselves, be service-oriented, and work toward building a thriving community. Oak Grove encourages and supports healthy relationships, engaged and mindful behavior, and non-violent communication. We would hope to see the recipient of this award making efforts to help our school grow. This could involve starting clubs, leading community service events, organizing activities between students at different schools, and more.

The admissions committee awards the scholarship to incoming freshman who live locally, plan to attend all four years of the high school program, remain in good academic standing, and demonstrate an aptitude for service and citizenship.
