

**Overview:** Oak Grove is an independent school serving preschool through twelfth grade. Founded by J. Krishnamurti in 1975, it is located on 150 acres in the Ojai Valley. The high school offers a four-year, coeducational, college preparatory program accredited by the Western Association of Schools and Colleges and the California Association of Independent Schools. We are also current members of the National Association of Independent Schools and the Small Boarding Schools Association. All core academic classes are University of California approved.

**Admission:** Somewhat selective. Students must be equipped for a challenging college preparatory program scope and sequence. Maximum enrollment is 64 and is made up of students from the United States and several foreign countries.

**Faculty:** The high school academic faculty are highly educated and hold single-subject credentials and have many years of experience teaching at the high school level.

**Graduation Requirements:** Minimum graduation requirements exceed the entrance requirements for the University of California: four years of English, four years of history and social studies, three years of mathematics, three years of science (including two years of lab science), three years of foreign language, and four years of electives. Students are strongly encouraged to take advantage of the four-year sequence offered in science, math, and foreign language.

**Ranking & Grades:** Oak Grove High School students are not ranked. Students receive letter grades (A, B, C, D, F) on their transcripts each semester. All honors courses are weighted. The cumulative GPA is a weighted GPA. Over the last two years, 82% of students took at least 1 honors class in 11th or 12th grade, 72% took at least 3, and 41% took 5 or more.

**Test Scores:** SAT middle 50% score range for the last two years: 1120-1410.

**Academic Curriculum:** College preparatory in accordance with the philosophy and intent of the school. Oak Grove students are encouraged toward intellectual depth, aesthetic and environmental sensitivity, social responsibility, physical vitality, and an open-minded spirit of inquiry. Honors options are offered according to need and student enrollment and are typically offered in eleventh and twelfth grade; all 11th grade academic honors courses are UC-approved. Prerequisite is teacher-approval. The school year is divided into two semesters.

**Co-Curricular:** Participation in Community Service, Fit for Life, the Advisory program, and the Camping and Outdoor Education program are mandatory each year. Students also gain a cultural perspective through participation in the travel program that culminates in a senior class trip to India. Student-generated and student-led clubs, with faculty and staff advisors, are encouraged and have included STEM, Disc Golf, Cat Enthusiast, Poetry, and other interests.

**Athletics:** Oak Grove is a member of the Condor League, a group of eight independent schools in Ventura and Santa Barbara Counties. Students compete in girls' and boys' volleyball, soccer, and cross country, according to student interest and enrollment. Participation in either a sport or fitness activity is required all four years.
